- ✓ Bookcases

Marsden Extreme Seating - three models to choose from...

Standard (fixed cushions)

No nonsense, basic, effective and safe with fixed upholstery throughout and, of course, no areas for concealment

Faux (fixed) cushions

By contrasting the seat and back with the arms, this model has the appearance of loose cushions but they cannot be removed

Loose cushions

Fibre filled back cushion / Foam filled seat cushion
Zips are reversed with tongues removed so contraband cannot be secreted within

- Comfortable and domestic appearance
- They are not piped, fitted with buttons and all stapling is internal to reduce opportunities to harm self or others
- Double stitched one piece seams will not allow for insertion and secretion of contraband
- Extremely strong boarded out frame including underside
- Zips (if fitted) are reversed with tongues removed to prevent contraband secretion
- Backs are low on all models to assist staff during observation
- All models available as a chair or two seater settee
- Extremely heavy – the chair weighing 75kg and two seater settee 110kg so not easily lifted or moved
- Proven product with over 15 years unbroken service
- An effective long term solution for challenging environments

Two seater settees are available in all three models

All models have...

No areas for concealment between seat, back or arms

Low backs to assist staff during observation

Soft, rounded arms and backs for safety

Marsden	Chair	Settee
Height	79cm (31")	79cm (31")
Width	83cm (32")	136cm (53")
Depth	93cm (36")	93cm (36")
Seat Height	42cm (17")	42cm (17")
Seat Width	57cm (22")	103cm (44")
Seat Depth	50cm (20")	50cm (20")
Arm Height	29cm (11")	29cm (11")
Back Height	55cm (22")	55cm (22")
Max User Weight	40st	60st
Product Weight	75kg	110kg

The strong frame is the same on all models

Please note that due to their weight and bulky dimensions, carriage is chargeable on these items so they are not available to purchase on-line

Extreme seating

Ref. MacIntyre

- Available as a chair or two seater settee
- Comfortable and domestic appearance
- Cushions are an integral part of the overall upholstery - this means they cannot be detached thrown or removed in any way
- Extremely strong boarded out frame including underside
- Double stitched one piece seams will not allow for insertion and secretion of contraband
- Extremely heavy - the chair weighing 75kg and two seater settee 110kg so not easily lifted or moved
- They are not piped, fitted with buttons and all stapling is internal to reduce opportunities to harm self or others
- Backs are low to assist staff during observation
- An effective long term solution for challenging environments

Boarded backs

Security screws

Hardwood skis

Items cannot be concealed within

Smooth, rounded corners

	Chair	Settee
Height	80cm (31")	80cm (31")
Width	93cm (37")	152cm (60")
Depth	96cm (38")	96cm (38")
Seat Height	40cm (16")	40cm (16")
Seat Width	55cm (22")	1114cm (45")
Seat Depth	60cm (24")	60cm (24")
Arm Height	66cm (26")	66cm (26")
Back Height	45cm (18")	45cm (18")
Max User Weight	40st	60st
Product Weight	75kg	110kg

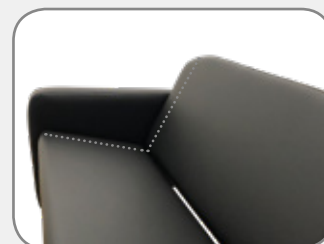

Please note that due to their weight and bulky dimensions, carriage is chargeable on these items so they are not available to purchase on-line.

Seats and backs are "T" nuted through thick plywood to ensure they remain firmly in place.

Anti-secretion gaps go right round the upholstery - between arms and seat, back and seat so quick, visual inspection can be made by staff.

Seat and back angle are tilted so liquids quickly drain away from the upholstery. There is a hygiene gap between seat and back for cleaning.

Arms are rounded as is the back with the arms backward sloping for comfort. One piece hardwood skis are fitted securely in place.

Behavioural Healthcare Seating

Ref. Bennett

Developed with front line mental health care professionals, this functional chair, two seater and three seater sofa have been specifically designed for use in challenging environment situations.

- Easy to clean - due to the clever construction, there are hygiene gaps around the seat and back. In addition all upper surfaces are sloped so liquid doesn't remain or become stagnant.
- Safety - arm fronts are rounded with arm tops being sloped to deter people from placing drinks on them. Backs are rounded for protection against self harm.
- Comfort - the seating position slopes backwards and the back is high enough for support but does not obstruct observation by staff.
- Upholstery - all seams are double stitched, there is no piping and staples are concealed. All upholstery is designed to reduce the possibility of contraband being secreted within or adjacent to it. We would advise a dark coloured vinyl (to deter people from abusing it with ball points etc.) - there are some great colours available and it is the quickest and easiest covering by far to clean.

Specifically designed and developed to help you promote safe and comfortable surroundings for people in your care to feel at home in

	Chair	Settee	3 Seater Sofa

Austin chair

Madley

Seclusion room model with
quality foam inner

Calm seating

Ref. Austin Collection

- Designed to meet the guidelines on Management of Aggression & Violence
- These products allow staff to restrain very disturbed patients
- Fully boxed-in frame with concealed staples, constructed from extremely strong solid plywood and birch hardwood framing with dowelled and glued joints
- They do not include materials which could be used to harm self or others
- No areas for concealment and their robust construction minimise damage from abuse
- Available as a three "seater" bench or individual units (width 510mm - 20") and with a choice of two back heights

Seclusion room seating

Ref. Madley Chair

- Heavy but soft is the order of the day with this model
- Constructed from one piece of good quality, supportive foam
- Vinyl base and zipped outer cover (with zip tongue removed for safety)
- Comfortable and practical product with no areas for concealment
- Please note that any of our stretch polyester fabrics are suitable for this model

Bean Bag

Settee - seats up to three with ease

Round Pouffe

Soft Table

Square Pouffe

Soft, safe Seating

Ref. Sidcup collection

- These are soft products specifically selected to go in areas where traditional furniture may be used to harm self or others
- With the exception of the soft table (which has a foam inner) all, these products are filled with polystyrene beads that are contained within a separate and sealed fabric inner cover
- The outer cover can be supplied in our entire and extensive fabric range so you can choose the right mix for your environment
- The seating is comfortable and supportive, easy to move to different locations due to its light weight and a viable safe alternative to wooden or metal products

	Settee	Soft Table	Square Pouffe

Please note that due to their weight and bulky dimensions, carriage is chargeable on these items so they are not available to purchase on-line.

Will stack 10-12 high

Antimicrobial side chairs and arm chairs

Ref. Manby

- Designed to conform with British ergonomic standards, to provide proper lumbar support, a supported leg position and flat foot position
- Wide bases and anti-tilt legs provide stability helping reduce the risk of falls, especially for users with limited mobility
- An antimicrobial silver additive runs throughout the chairs to their core and they are certified to kill 99.9% of MRSA and E. Coli on contact and prevent fungus growing on their surfaces
- Easy to clean - chlorine based cleaners can be used without deteriorating the material or surface
- A 10 year manufacturer's warranty offers long term maintenance benefits
- Available with or without arms and in three colours.
- Minimum order of 10, one type and colour

	Side Chair	Arm Chair
Height	89cm (35")	89cm (35")
Width	55cm (21")	63cm (25")
Depth	53cm (21")	53cm (21")
Seat Height	46cm (18")	46cm (18")

Vandal proof moulded chairs

Ref. JSCE5

- Moulded from impact-resistant polypropylene which eliminates areas of concealment and ligature
- Tough, stain resistant, vandal proof, hard wearing and UV protected with a choice of colours to enhance any environment
- Easy to wipe clean/decontaminate and at end of life recyclable
- Fully BS EN 1729 certified they cater for safe vertical stacking (10-12 chairs)
- They have excellent stability and strength helping to prevent rocking and tipping
- Link without any brackets etc. and have super ergonomics with smooth "waterfall edge" behind knees promotes good posture
- Suitable for severe contract use BS EN 15373 2007: test level 3 BS EN 1022: 2005
- Extended warranty
- Minimum order 10

Height	81cm (32")

Challenging environment dining chairs

Ref. Marlow

- Developed specifically for Challenging Environments
- Steel framed, box section chairs available with or without arms
- Frames with silver/black appearance and “hammered” finish which is extremely durable and hard wearing
- Fully supported with front to back leg and under arm strengtheners
- Full width anti-kick plate at the rear of the back
- Seat and back are padded and fixed with security screws
- For quantities of 30 or more (mixed) other frame colours are available - please contact our Sales Department for further details

Seat Width	46cm (18")	46cm (18")
Seat Depth	43cm (17")	43cm (17")
Arm Height	n/a	20cm (8")
Back Height	43cm (17")	43cm (17")

Heavy, strong, steel dining table

Ref. Canvey

- First appearances can be deceptive as is very clearly illustrated with the Canvey dining table
- With the appearance of a table you would see in many a restaurant or cafe bar this is immensely heavy as it is principally two steel disks mig welded to a central steel column
- The disk on the underside of the top caters for security screw fixing and is there to deter anyone trying to kick the table top off
- The top itself is scratch resistant laminate with an MDF core having a smooth, bull nosed edge
- Even though the base has an epoxy resin powder coated finish, it should be noted that over the passage of time this could become scratched/chipped by the users' footwear. If this becomes an issue, periodic spraying with an acrylic paint will bring the Canvey back to its visual best
- For quantities of 10 or more other base frame colours are available - please contact our Sales Department for further details

Height	76cm (30")
Diameter	107cm (42")
Product Weight	90kg

Please note that due to their weight and bulky dimensions, carriage is chargeable on these items so they are not available to purchase online.

Extreme dining units with shell seats

Ref. Stockton

- Available in four or two seater blocks these units are manufactured from strong 20swg steel with a durable epoxy resin powder coated finish
- Fitted with flame retardant, wipe clean plastic shell seats for quick and easy cleaning
- Thick, scratch and heat resistant tops have bull nose edges and rounded corners for safety being held firmly in position by chunky security screws
- Floor fixing (leg base flanges) are fitted on the two seater whilst the four seater model is available with or without these at no extra cost
- For quantities of 10 or more other frame colours are available - please contact our Sales Department for further details

2 seater models have floor flanges for permanent fixing

Stockton	Two Seater	Four Seater
Height	79cm (31")	79cm (31")

Extreme dining units with laminate seats

Ref. Wickford

- If observation is paramount then consider the Wickford with its clean lines and circular laminate seats which are mounted onto circular steel plates to deter kicking
- Available in four or two seater blocks these units are manufactured from strong 20swg steel with a durable, wood effect, epoxy resin powder coated finish
- The thick, scratch and heat resistant tops have bull nose edges and rounded corners for safety being held firmly in position by chunky security screws
- Floor fixing (leg base flanges) are fitted on the two seater whilst the four seater model is available with or without these at no extra cost
- For quantities of 10 or more other frame colours are available - please contact our Sales Department for further details
