Turville chairs, sofas and footstools

- Supportive round arm tops.
- Three standard seat heights and five high seat models with leg style/colour choice.
- Top quality foam seat cushions fibre wrapped for that soft & comfortable feel plus fibre filled, "waterfall" style backs with lumbar supports for relaxing.
- The high seat models make sitting down or standing up easier and in addition the backs on all models are of great benefit for taller people as they offer comfortable, reassuring upper back support.
- Substantial, predominantly hardwood inner frames throughout with a great choice of gorgeous, practical and durable fabrics.
- A single chair, two seater or three seater sofas are available plus two sizes of footstool all of which may be purchased separately.

Three seater sofa available

Hannah (medium) or Isabella (large) footstools are available to match your chosen leg style

Please note - if you choose the high seat model all heights are increased by 50mm (3")

Quick clean dining chair with skis

Ref. Dutton Plus

Fabric choice

- Produced in response to customer feedback, this chair has been positively received for its easy to clean wrap round seat
- Not just a domestic style chair, poorly adapted for dining, it's been developed with care, for the care industry
- It is incredibly hard wearing and constructed from top quality beech, with side sections having mortise and tenon joints which are pegged for extra strength with the back and front rails having dowelled joints
- All timber sections are of generous dimensions to maintain their structural strength in a robust environment

Dining chairs with or without arms and skis

Ref. Dutton

Fabric
choice

- We just don't have any problems with this chair and neither do our customers!
- Why? Well, the simple fact is that it is manufactured from top quality beech, with side sections having mortise and tenon joints which are pegged for extra strength with the back and front rails having dowelled joints.
- The chair can be supplied with or without arms and with or without base skis which are used to assist staff in moving the occupant closer to the table top.
- All timber sections are of generous dimensions to maintain their structural strength in a robust environment.

- Moulded from impact-resistant polypropylene which eliminates areas of concealment and ligature
- Extremely tough, stain resistant, vandal proof, hard wearing and UV protected with a choice of vibrant modern colours to enhance any environment
- Easy to wipe clean/decontaminate and at end of life recyclable
- Fully BS EN 1729 certified they cater for safe vertical stacking (10-12 chairs)
- They have excellent stability and strength helping to prevent rocking and tipping
- Link without any brackets etc. and have super ergonomics with smooth "waterfall edge" behind knees promotes good posture
- Lower back design caters for ventilation for comfort in warm environments
- Suitable for severe contract use BS EN 15373 2007: test level 3 BS EN 1022: 2005
- Extended warranty
- Minimum order 10 in one type and colour

Antimicrobial side chairs and arm chairs

Ref. Manby

- Designed to conform with British ergonomic standards, to provide proper lumbar support, a supported leg position and flat foot position
- Wide bases and anti-tilt legs provide stability helping reduce the risk of falls, especially for users with limited mobility
- An antimicrobial silver additive runs throughout the chairs to their core and they are certified to kill 99.9% of MRSA and E. Coli on contact and prevent fungus growing on their surfaces
- Manufactured from non-porous ultra-durable one piece design polypropylene which is quick and easy to clean
- Solid construction eliminates hard to clean internal cavities, crevasses and tight corners that collect dirt and harbour bacteria.
- Easy to clean - chlorine based cleaners can be used without deteriorating the material or surface making the removal of dirt and bacteria a priority
- A 10 year manufacturer's warranty offers long term maintenance benefits
- Available with or without arms and in three colours.
- Minimum order of 10, one type and colour

Multi-environment seating for children

Ref. Kemble

Fabric choice

Manufactured in the UK

- Designed with the needs of younger people in mind, our Kemble seating is super comfortable, amazingly robust and extremely practical.
- Each shape is fitted with plastic glides to prevent floors getting scratched and available in Omega Plus polyester or Just Colour vinyl.
- It's just a case of picking the perfect colour for your environment, whether that's a library, reception area or kids club.

"We have purchased a variety of items from you and have always found your customer service and range of products to be first class."

Gas assisted height adjustable stools

Ref. Crumpsall

Omega Plus
polyester or
Just Colour vinyl

Manufactured
in the UK

- Available in two heights and either black or chromium plated frames, these stools adjust in height by a simple single lever gas lift
- The high model has an all round heel support for user comfort and is fitted with glides for safety
- Great choice of modern upholstery fabrics from Omega Plus or Just Colour vinyl only

Extras available:

The lower stool is supplied with castors as standard however the following options are available:

Glides - which replace the castors - the stool would therefore no longer be mobile but the seat would rotate

Rubber castors - for safety when using the stool on tiled floors

Loaded brakes - these are applied when the stool is sat on and released when you stand up

	Low Stool	High Stool
Height	470mm (18")	605mm (23")
Width	410mm (16")	410mm (16")
Seat Height Low	470mm (18")	600mm (23")
Seat Height High	605mm (23")	860mm (33")

Swivel chairs

Ref. Orkney & Shetland

Fabric
choice

Manufactured
in the UK

- Two styles of swivel chair with low seat heights
- Both models have predominantly hardwood frames with comfortably padded upholstery and piped seams
- The high quality foam seat cushions are reversible for longevity
- Bases are bright polished chrome and designed not to adjust in height

Please note that as these chairs swivel they must not be relied upon to act as a firm support for the user.
