ABOUT US

Niche Healthcare is a global provider of medical care solutions. We work with some of the world's trusted brands, such as Phillip, Cardinal Health, and GE Healthcare, to bring you high-quality healthcare products. Our vast array of healthcare solutions has reached medical institutions, maternity clinics, and paediatric wards.

In the UK alone, our supply reaches 85% of the NHS. We continuously provide medical equipment solutions to institutions with more than 347,000 products that fall under 428 categories.

We work towards leveraging and bringing new medical technology to support services for women and children to different healthcare institutions worldwide.

Our products and services cover a wide range of medical departments, including:

- Neonatal units
- Special care baby units
- Birthing centres
- Paediatrics
- Postnatal wards
- NICU
- Labour wards
- High dependency units

Our Goal

We want patients to receive the best care, which is why we extensively work on improving our supply chain & products through continuous clinical trials & innovations. All of these combined can bring new, unparalleled technology to hospitals, empowering you to give your patients the best services available.

We believe that through our healthcare solutions, we can help you prioritise patient care.

How You Help Us Innovate

We work closely with our clients to ensure that we meet each specific need. They discuss their challenges & requirements with us, allowing us to develop ground-breaking medical products. At Niche Healthcare, we value the relationships that we've built with our stakeholders and clients. Our good relationships with clients, suppliers, & manufacturers have enabled us to come up with a balanced system that helps all parties achieve their goals.

Striving for Innovation in Healthcare Solutions

As new health challenges arise, we make it a point to continuously improve and innovate our products and services. We are constantly working towards developing new technology so that we can provide you with the right medical equipment that will best suit your needs.

Niche Healthcare and Clinical Trials

Clinical trials are crucial to development. We endeavour to have an in-depth understanding of your needs. We study and test our products meticulously because we believe that these milestones are critical to bringing the best, cutting-edge solutions to our clientele.

Our Commitment

More than being just a provider of healthcare solutions, we are working towards collaborating with organisations, such as UNICEF, WHO, and the UN, to promote sustainability & support environmental development efforts worldwide. Ultimately, we are striving to achieve the ISO 14001.

Summary

In conclusion, Niche Healthcare is one of the top global providers of medical care solutions. We continuously work with various medical institutions around the world to ensure that they can provide patients the medical care they need and deserve. We continuously strive to be at the forefront of innovation so we can constantly bring ground breaking medical and healthcare technology to your doorstep.
